

LET ME MAKE THINGS HAPPEN FOR YOU!!!

ROOM BY ROOM INSPECTIONS....

Dinah offers you suggestions on how you can make your home appealing to the greatest number of prospective buyers. A buyer buys the KITCHEN first and BATHROOMS second. They must always be sparkling clean. Take EVERYTHING off the refrigerator. Plug in air fresheners, potpourri, scented candles are appealing.

BUYER'S POINT OF VIEW...

The way you live in a home and way you sell a home, are two different things. Your home MUST be presented beautifully each & every day!! Unusual colors HURT not help. Neutral colors attract more interest. Make your beds every day. No dirty dishes in the sink. It only takes 5 minutes to straighten the beds, baths & kitchen!!!

STAYING IN TOUCH....

Please call Dinah when your home has been shown by a Realtor. Dinah will follow up with them for feedback... buyer objections to the property that you may be able to fix.
